

THE FULL A2 TO B1 COURSE

Your Journey to *Real British English*

An enjoyable, step-by-step journey from A2 to B1, built around real-life experiences you'll actually have. You'll learn the grammar and everyday words you really need, and understand how British culture works. The course comes as two books, a textbook and a grammar and vocabulary companion, and both follow the same story and the same characters.

1

Arriving in London LESSONS 1 TO 12 · CHAPTERS 1 TO 4

I can introduce myself and make small talk, chat about the weather, ask for and give directions, buy things in a shop, tell a funny story about a mistake, and visit a friend's home with a gift.

I'll understand why we chat about the weather, why we often say "not bad" when something is very good, and why we make tea the moment a guest arrives.

2

Meeting People & Eating Out LESSONS 13 TO 21 · CHAPTERS 5 TO 7

I can talk about my job and my experiences, get to know a new group of people, describe friends, tell someone about my day, and order food and drink.

I'll understand how we use warmth and humour, and why a joke is sometimes how we handle a serious moment.

3

Stories, Plans & Opinions LESSONS 22 TO 30 · CHAPTERS 8 TO 10

I can order a meal for a group, make suggestions and decisions, tell a story about a trip, talk about my hobbies, and compare people and places.

I'll understand British banter (friendly joking between friends), and how a disaster often becomes a funny story.

4

Real Life & Real Feelings LESSONS 31 TO 39 · CHAPTERS 11 TO 13

I can talk about food and drink and offer it politely, talk about what is normal in Britain and in my country, make plans for the future, say what might happen, talk about my feelings, and give a friend advice.

I'll understand British manners around food and work, and the quiet way British friends show they care.

5

Looking Back, Looking Ahead LESSONS 40 TO 48 · CHAPTERS 14 TO 16

I can make choices and change my mind, talk about how life used to be, talk about settling into a new place, report what people told me, and talk about my dreams for the future.

I'll understand why our first 'no' is not always our final answer, and why you don't have to be born British to become 'one of us'.

WHERE YOU END UP

By the end, life in Britain feels different: you can talk with a stranger the way we do, feel at home at a table of British friends, and turn small talk into a business relationship.

About **48 lessons** in all. Best taken **twice a week**: about six months, or two terms. One lesson a week works too, as a relaxed journey of about a year.
